

Thank you for purchasing the RAC-14 tabletop equipment rack.

The complete assembly contains the following parts:

- ✓ rack
- ✓ snap-in handles (2)
- ✓ press-in rubber feet (4)
- ✓ back panel (1) with mounting screws (4); attached
- ✓ S-style clip-on nuts for equipment mounting (14 total)

NOTES:

1. Press the rubber feet into place and snap in the handles.
2. Assemble the instruments into the rack and place it into position before attaching electronic cabling.
3. Use of the back panel is optional. The clip-on nuts can be relocated to the front panel if necessary.
